

# Oswaldkirk Village General Information 'Os-Gen 2024'

Yorkshire flag

St Oswald's/Northumbria flag

## Introduction

Greetings! Whether you're an established Oswaldkirkian or a new arrival we hope that this publication will provide information of benefit or importance as you go about your business in this corner of 'God's Own County'.

'Os-Gen' was originally created in the early 2000s as a paper booklet for the benefit of those recently embraced into the bosom of our small community. It has expanded enormously but is still far from comprehensive and only one of many sources of information. If all else fails and you can't find what you're looking for just ask around. We may only number 230 or so persons but we're generally a friendly bunch. Furthermore villagers are happy to help their neighbours - elderly, vulnerable or otherwise - with little jobs or problems. Whether it's changing a light bulb, unblocking a drain, arranging a lift to an appointment or suggesting a reliable tradesperson, it's almost certain someone will be able to assist.

Constructive feedback is welcome; inevitably there will be errors, omissions, changes or broken internet links. We aim to update this document every few years. All information is provided in good faith and is accurate to the best of our knowledge, but liability cannot be accepted for any inconvenience, loss or damage arising from its use.

All landline phone numbers have the area code 01439 (Helmsley) unless otherwise stated. In any case with BT's landline digital switchover in 2025 one will soon have to use the area code for all calls, local or otherwise.

Jill and Peter Stone, ☎ 788 809

### Oswaldkirk Parish Meeting

Under the Local Government Act 1972 Oswaldkirk has a **Parish Meeting** (not council) by choice as our population is small. The Parish Meeting is a very basic form of democracy with limited influence or money but it provides a forum in which all residents can be involved and has achieved much more than might be expected over the years.

Parish Meetings, to which all are invited, are often prompted by planning applications, but may be called on a more or less regular basis in order to fix an annual budget, discuss serious parish issues, or to present information which affects residents. The officers are elected

annually and simply act on decisions made by residents at the Meeting. No one has the power to make individual decisions and there are no 'closed doors'.

Agendas and minutes of meetings are posted on the village noticeboard and website.

## Village Grapevine

**Grapevine** is a village email messaging service co-ordinated by Del Jenkins. If you would like to be added to the distribution list and kept updated by email on issues relevant to local residents, or have news, information, offers or requests that you would like disseminated in the village community then contact her with your details (☎ 787 148 or dela.jenkins@yahoo.com).

## Village Noticeboard

The main **village noticeboard** was renovated in 2020 and is attached to the wall of Manor Farm, Main Street, near to the post box. The right- and left-hand sections are for official Government and Parish Meeting notices and minutes of meetings. The central section is for public use.

It's a good idea to check the noticeboard regularly as there is always some new information posted there, some of which you may find useful.

There are also **Village Hall noticeboards** inside and outside the hall, which give details of social events within the village and in the surrounding area.

## Village Hall

### Oswaldkirk Village Hall Charitable Incorporated Organisation (CIO)

- Chair: Mike Aherne.  
☎ 787 022. Email: mike.aherne@aol.com

- Bookings Secretary: Lisa Halmshaw.  
☎ 788 913.

The **Village Hall** is set back from Main Street towards the East end of the village and is a community hub at the heart of village life. The Village Hall Trustees take care of the fabric and finances of this valuable and well-used community resource. This modern facility was built in 1988 (despite the relocated historic stone from the previous village hall: "AD 1911") and has recently been extended and renovated. It is light, airy and warmly heated. It can accommodate up to 100 people comfortably and has a well-equipped kitchen, toilets

(including one that's wheelchair-accessible) and internal store. It has a Premises Licence, which with the permission of the Trustees covers the sale of alcohol. Equipment available for musical events includes a piano and amplifier with speakers. There is also a projector (with computer/AV input sockets) and a temporary stage can be erected.

The hall is available for hire at £10 per hour, a charge which is reviewed on an annual basis. For a modest fee, you can also hire chairs, tables, glasses, crockery and cutlery. Lisa looks after the bookings – **please make provisional bookings through the online form on the Events page of the Village Website** or enquire by phone ☎ 788 913.

Saturday Coffee Mornings, cinema nights, the Pop-Up Pub and numerous social, physical and cultural groups and classes use the hall. Activities vary over time but include, or have included, keep fit, Pilates, yoga, line and Scottish dancing, indoor bowls, art, craft and bee-keeping classes, and multiple children's activities. Residents may wish to join in any number of these. See the village website and the village and Village Hall noticeboards for details.

**Lending Library:** There is a modest lending library located in the hall. Donated books, videos and DVDs are on display and may be borrowed for a small contribution. Please supplement with any good quality items that you think may be of interest.

## Village Playground

The **village playground** is currently located on the west side of the B1363 road to Gilling. A range of play apparatus is available. There are plans to relocate the playground to a site adjacent to the Village Hall in the near future. The Village Hall Trustees are responsible for its management but any help with maintenance and fund-raising is always welcome.

## Street Furniture/Equipment

- **Defibrillator**

A community public access defibrillator (CPAD)/automated external defibrillator (AED) is located at the gateway to the Village Hall. See below in '**Medical Emergencies**' for details.

- **Postbox**

The Oswaldkirk postbox is on Main Street, mounted in the wall between The Malt Shovel and Manor Farm.

Collection times:

Mon – Fri:	09:00
Sat:	07:00
Sun & BH:	No collection

Later collections are made from the postbox in front of Ampleforth Village Stores:

Ampleforth collection times:

Mon – Fri:	17:15
Sat:	11:00
Sun & BH:	No collection

- **Phone Box**

The K6 telephone box in the centre of the village was erected in 1936. Designed by Sir Giles Gilbert Scott it was one of the first outside of London. It no longer has a functioning telephone but was restored to an impressive standard by villagers in 2013.

- **Wooden Bench**

The wooden bench at the top of Manor View, adjacent to Chestnut Bank, marks the renovation of this area, with construction of a new path, by local volunteers in 2003.

- **Litter Bins**

Litter bins are located on Main Street and in the village playground.

## Medical Emergencies

In case of medical emergency it is **essential** to first activate the **Ambulance Service Emergency Response** by phoning **999** (or **112**). Mobile reception can be patchy in the village but fortunately emergency calls are routed through any available mobile network as needed, not just your normal provider.

The emergency call handler will ask for your location and in a dispersed village such as ours it can be helpful to also know and share your British National Grid Reference (paper maps, the Ordnance Survey 'Locate' app, and on-line tools can supply this) or to use the 'what3words' system (what3words.com) to guide the ambulance to the exact spot. Perhaps it's a good idea to write these location details on a piece of paper next to your phone.

Within the village urgent intervention may then be expedited by access to Community First Responders and a community public access defibrillator (both are secondarily via the 999 system).

- **Community First Responders**

The **Community First Responder (CFR)** scheme is a life-saving partnership between Yorkshire Ambulance Service NHS Trust (YAS) and local communities.

As authorised volunteers for YAS, Community First Responders form teams as part of a wider initiative to help reduce the number of pre-hospital deaths in Yorkshire. Historically Oswaldkirk has always had several volunteers who are trained to provide life-saving treatment to neighbours in the vital first minutes of an emergency until an ambulance arrives. Full training and equipment is provided and volunteers are only placed on the rota at times that they nominate. They can do as much or as little as they are able. They are alerted via the usual 999 response system and do not offer a first-aid or other service. New members are always welcome.

For details visit the YAS website: <https://www.yas.nhs.uk/get-involved/volunteer-with-us/community-first-responders/>

- **Defibrillator (CPAD/AED)**

Sudden cardiac arrest is rare but can be treated by early access to the emergency services, cardiopulmonary resuscitation (CPR) and defibrillation. To this end a potentially life-saving device: a **community public access defibrillator (CPAD)**, also known as an **automated external defibrillator (AED)**, was purchased and installed at the entrance to the Village Hall car park in 2021. The cabinet is locked but the code is given to anyone who needs it via the **999** system. No specific training is required for its use – the machine talks you through the steps - but if you would like more information about the defibrillator or CPR in general see the Yorkshire Ambulance Service website: <https://restartaheart.yas.nhs.uk> or contact the Guardian, Peter Stone (☎ 788 809).

## **Neighbourhood Watch**

Neighbourhood Watch is a grassroots charitable movement. It is the largest crime prevention voluntary movement in England and Wales and has upwards of 2.3 million members. Schemes are run by volunteers across England and Wales supported by volunteer Associations, and by Neighbourhood Watch Network, the national umbrella organisation for the movement.

For more details see the website: <https://www.ourwatch.org.uk/>

Oswaldkirk is covered by a number of volunteers, each representing a small number of homes. Our local chairman is Mark Clook – contact him for information or to get involved: ☎ 788 247. Email: [mark.clook@btinternet.com](mailto:mark.clook@btinternet.com).

Sean Simpson is our Police Community Support Officer (PCSO). Contact via ☎ 101 or email: [Sean.Simpson@northyorkshire.police.uk](mailto:Sean.Simpson@northyorkshire.police.uk)

## **Reporting Anti-Social Behaviour in the Village – Civil Enforcement**

Criminal activity should be reported to North Yorkshire Police via ☎ 999 (emergencies) or ☎ 101 (minor and non-emergencies). However, a new role of Civil Enforcement Officer was created by the Council in 2020 to cover aspects of civil enforcement, including noise nuisance, vandalism and graffiti, harassment and neighbour disputes, litter and fly-tipping, abandoned vehicles, and dog fouling. The officers can give advice and issue fixed penalty notices where appropriate.

North Yorkshire Council contact details are: ☎ 0300 131 2131 (office hours) or use the online form on the “Contact us” page of their website <https://www.northyorks.gov.uk>

## Litter Picking

We pride ourselves in keeping the village and wider parish environment as litter-free as possible. Rubbish bins are provided on Main Street and in the Village Playground. Additionally an annual **Great Oz Litter Pick** occurs each spring; details are announced via Grapevine and local notice boards. Get involved, all equipment is provided and our yearly haul is very impressive (or depressing)!

## Snow Clearance

The **Oswaldkirk Snow Plan** was initiated in 2013 whereby an invaluable service is provided each winter by a voluntary group of able-bodied villagers whereby snow and ice is cleared from pavements to enable residents to walk as safely as possible from their homes to other parts of the village. The Parish agreed to pay for the pavement grit salt from the Ryedale Council Precept but shovels and effort are provided by the volunteers who each adopt a pavement pitch. The Council has confirmed that individual insurance cover is not required.

Most of the volunteers are retired folk along with a few who have flexible work arrangements. New volunteers are always needed; for further details and information on how to contribute contact David Badham, Oswaldkirk Snow Plan Coordinator ([☎ 787 046](tel:787046) or [davidbadham@hotmail.com](mailto:davidbadham@hotmail.com)).

## Oz Oil

**Oswaldkirk and District Oil Syndicate (Oz Oil)** was set up by volunteer residents in 2009 for the benefit of the villagers of Oswaldkirk and surrounding localities. Our aim is to buy heating oil in bulk so as to get a better price for our members. It is extremely popular and there may be a waiting list to join. The Oswaldkirk Village website has details of how the system works, and if you are interested in enrolling please complete the online application form therein.

## Refuse Collection and Recycling

The North Yorkshire Council rubbish and recycling website has full details of the domestic refuse and recycling service:  
<https://www.northyorks.gov.uk/bins-recycling-and-waste>

The Oswaldkirk kerbside collection is on Tuesdays (except for Bank Top which is on Wednesdays) –weeks alternate between general waste and recycling. By 'kerbside' the council means that it's your responsibility to ensure that your bins are put out in the correct place at the correct time (although persons with special mobility needs can apply for an assisted waste collection, see:  
<https://www.northyorks.gov.uk/bins-recycling-and-waste/get-help-putting-your-bin-out>).

When a week starts with a bank holiday the collection generally takes place a day later on a Wednesday (or Thursday).

For information on what goes in which type of bin or box see:

<https://www.northyorks.gov.uk/bins-recycling-and-waste/what-goes-your-bin>

Essentially: the black or green wheelie bin is for non-recyclable household refuse. The two black or green plastic boxes are for glass (bottles and jars) and separately for, cans, tins, aerosols and plastic bottles. The blue bags are for paper, newspaper, magazines, card and cardboard.

Brown wheelie bins for compostable garden waste are also collected on the alternate 'recycling' week between March and early December. However, this is an additional service for which one must apply and buy an annual Garden Waste Licence. A subscription for 2024 costs £46.50. Strangely the day on which garden waste is collected is not affected by bank holidays.

There is a small recycling facility in the Cleveland Way Car Park in Helmsley which takes the same items as the kerbside recycling service but additionally collects cartons, aluminium foil and clothes/shoes.

For the widest range of household and gardening waste and recycling options visit:

- **Wombledon Household Waste and Recycling Centre**, Cockerhill Lane, Wombledon, YORK, YO62 7RJ.
- Website: <https://www.northyorks.gov.uk/wombledon-household-waste-recycling-centre>

Apr - Sep 08:30 – 17:00

## Leisure and Social – Oswaldkirk and Environs

### Public Footpaths and Walking Groups

**The Millennium Trail** is a 1.4 mile (2.3 km) circular footpath around Oswaldkirk. It takes in the major historical sites or points of interest in the village and provides many a good view and contact with local fauna and flora on the way. A mosaic pictorial overview and 2 mosaic waymarkers decorate the route. A leaflet with a map, directions and historical information, can be obtained from the Village Hall.

**The Ebor Way**, a 70 mile (112 km) long distance footpath from Helmsley to Ilkley via York, passes through the parish ([https://en.wikipedia.org/wiki/Ebor\\_Way](https://en.wikipedia.org/wiki/Ebor_Way)). Two other long distance footpaths, **The Cleveland Way** and **The Tabular Hills Walk**, also start in Helmsley. These are merely some of the many public footpaths and bridleways that surround the village and make it such a great location for walking and cycling. For information on local public rights of way see either Ordnance Survey maps of the area or the excellent North Yorkshire Council online maps: <https://www.northyorks.gov.uk/rights-way-maps>.

The principal **Oswaldkirk Village Walking Group** meets monthly on a Sunday morning. Walks are organised in turn by members of the group and are normally between 5 and 7 miles in length. Each walk is followed by Sunday lunch in a local pub. Non-walkers are welcome to

join the group for lunch. The popularity of these walks has been such that walkers are limited to village residents and family or friends who are staying in the village.

Dates and details are usually posted on the village noticeboard and on the village website (<https://oswaldkirk.net/clubs/oswaldkirk-village-walking-group/program-of-walks/>). The co-ordinator is Shirley Halliwell. Contact her for further information: ☎ 788 823 or [shirleyhalliwell222@btinternet.com](mailto:shirleyhalliwell222@btinternet.com).

In addition Pat Thompson ((☎ 787 168) leads walks on Wednesday mornings for 3-4 miles, ending at a tea-shop. Gerard Simpson (☎ 788 381) leads longer walks, on the second Wednesday of each month, often doing long distance routes in manageable sections.

This nationally and internationally renowned classical music festival occurs each summer, principally in the last 2 weeks of July. Performances and recitals are held in various local venues and are of a very high quality. Local volunteers form an essential part of the smooth running of the operation and there are many opportunities to get involved. For details see: <https://ryedalefestival.com>

## Conservation, the Environment and Local Government

Roughly speaking, those parts of the village north of Main Street and Oswaldkirk Bank are situated in the **North York Moors National Park** and those parts which are south of Main Street and Oswaldkirk Bank are in the **Howardian Hills National Landscape** (formerly AONB). So Oswaldkirk is divided down the centre. Most of the village is also situated within a **Conservation Area**, which may have implications with regards to planning issues.

As of 1<sup>st</sup> April 2023 all local government responsibilities now belong to **North Yorkshire Council**. The two-tier system of split responsibilities between District (Ryedale) and County Council (North Yorkshire) has been abolished; however many services are still administered on an area basis, so the ghost of Ryedale lives on.

These responsibilities include the whole range of local planning (unless within the National Park in which case this authority takes precedence), building control, local roads, council housing, environmental health, markets and fairs, refuse collection and recycling, cemeteries and crematoria, leisure services, parks, and tourism, education, social services, libraries, main roads, public transport, fire services, Trading Standards, waste disposal and strategic planning.

A (revised) Village Plan was drawn up in 2014 to collate opinions, highlight areas in need of improvement and inform local authorities of issues relating to the village. It is available at: <https://oswaldkirk.net/wp-content/uploads/2019/02/shortplan.pdf>

## **Oswaldkirk Conservation Area**

Conservation Areas are defined in the Planning (Listed Building and Conservation Areas) Act, 1990 as 'areas of special architectural or historic interest, the character or appearance of which it is desirable to preserve or enhance'. These areas are considered to have the most important environmental quality in the District.

As most of the village is situated in a designated Conservation Area, it is important for residents to be aware of restrictions in planning and development. For example planning permission may be required for certain types of development which are elsewhere classified as permitted development. Conservation Area status helps to protect attractive features such as buildings, trees and open spaces. These additional controls are designed to preserve or enhance the character of the area and the quality of design and are particularly aimed at preventing 'creeping development', for example, the replacement of cast iron guttering with plastic. However, grants may be available to mitigate the cost of traditional materials.

Of note there are controls within the Conservation Area and the National Park with regards to the felling and even pruning of trees (in addition to those with Tree Preservation Orders). It is worth checking with the National Park or Ryedale District Council before any work of this nature is undertaken.
